Workshop vascular febrero 23

**EXPERT TECHNIQUES
IN EMBOLIZATION**
WORKSHOP

TERUMO
LEARNING
EDGE™

LEARNING WITH A **COLLABORATIVE APPROACH**

February 23rd 2023 Madrid, Spain

**You are invited to learn from and contribute to a working session
exploring the diagnosis and management of peripheral embolization.**

Luis M. Izquierdo Lamoca MD, PhD, FEBVS

The day will combine presentation, discussion, information sharing and hands-on procedural training, so that you can refine and perfect your approach. Training materials will be provided so that you can share your learnings and experience of working with hydrocoils with your team
